

Science and Social Studies Work

Science:

- Pick **two** animals and if you are able to, use the computer or books to research these animals.
- Answer the following questions about the animals: (Please do not pick a dog or cat)
 1. What kind of animal are you researching?
 2. Where would you find this animal? Where does it live?
 3. What does it's home look like?
 4. What does it eat?
 5. Is it a plant eater, a meat eater, or both?
 6. Does it hibernate?
 7. Does it migrate?
 8. What animal classification does it belong to? (Example: mammal, bird, reptile, etc..._
 9. What is one interesting fact that you discovered about this animal?
 10. Draw and color a picture of your animal.
- Take both of your animals and compare and contrast the two.
- When we get back to school, we will share our findings.

Social Studies:

- Please watch Liberty Kids. I believe we are on episode 5. You can watch this on youtube. We will discuss what happens to Moses, Sarah, James, and Enrique when we return to school.

Everyone stay safe! We will see everyone when we return!
