

Officiating Assignments for Corona Break

1. Share a google doc with me each week citing 2 youtube or other site, officiating videos pertaining to the sport you are interested in.

Include in the google doc....

1. Site
2. Summary of the video
3. 1 thing you were surprised about, didn't know.

2. Look up and learn the signals for your sport. Be prepared to give a presentation of signals when you return. Practice them in the mirror. Be confident. Don't wait till the last minute.

3. Watch one game in the sport of your choice. Pick an official to watch and summarize his/her duties, actions, calls and responsibilities. For example.....back judge in football, where is he positioned, who does he watch specifically, what type of calls are his responsibilities. This is due April 5th.

Check progress book, you should have 5 NFHS courses completed. They are noted on your report card. If you are missing $\frac{2}{5}$, you should have received a B for the 9 weeks, but with the chaos of the course I decided otherwise. Most of you are missing 1 or 2, some are missing all. Get them done, grading for those will be adjusted for the next 9 weeks if not completed.
